RATHINAM
TECHNICAL CAMPUS

INSTITUTION VISION AND MISSION

VISION:

To be a leading and path-breaking Institution in multi-disciplinary education, research, and industry-related development for meeting the challenges of a New India.

MISSION:

M1. Provide quality Engineering Education, Foster Research and Development; inculcate innovation in Engineering and Technology through state-of-the-art infrastructure.

M2. Nurture young men and women capable of assuming leadership roles in society for the betterment of the country.

M3. Collaborate with industry, government organizations, and society for curriculum alignment and focused, relevant outreach activities.

DEPARTMENT OF MECHANICAL ENGINEERING

VISION

To emerge as a leading influence in Mechanical Engineering education, research, and advancements driven by industry, making a substantial contribution to the transformative growth of the Nation.

MISSION

M1: Deliver top-tier Mechanical Engineering education, promote a culture of research and innovation, and leverage state-of-the-art infrastructure to stay at the forefront of Engineering and Technology.

M2: Nurture future leaders in Mechanical Engineering, empowering them to take on pivotal roles in society and contribute significantly to the nation's advancement.

M3: Foster dynamic collaborations with industry, government bodies, and society, ensuring curriculum alignment with evolving industry needs and engaging in targeted outreach activities to bridge the gap between academia and industry for mutual growth.

DEPARTMENT OF MECHANICAL ENGINEERING

PROGRAM EDUCATIONAL OBJECTIVES (PEOs)

PEO1: Graduates will have professional & technical career in inter disciplinary domains providing innovative and sustainable solutions using modern tools.

PEO2: Graduates will have effective communication, leadership, team building, problem solving, decision making and creative skills.

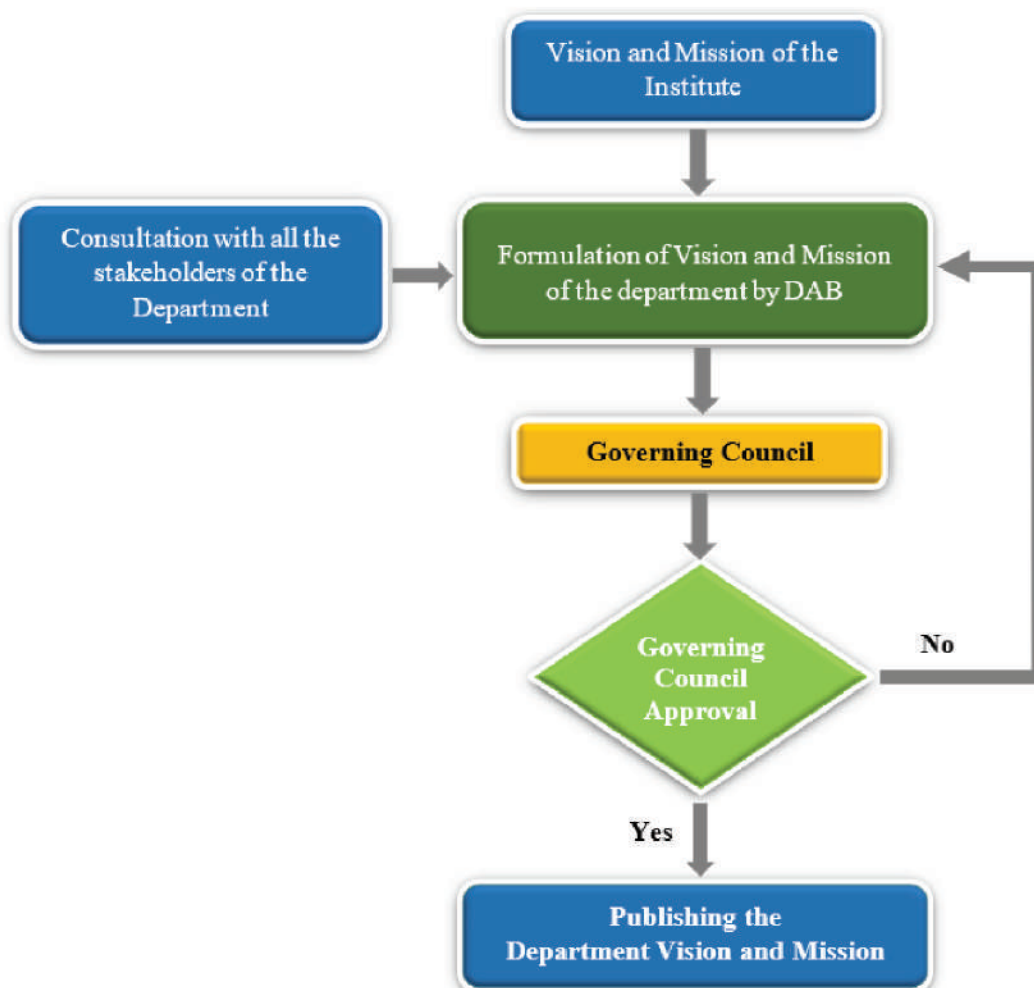

PEO3: Graduates will practice ethical responsibilities towards their peers, employers and society.

PROGRAM SPECIFIC OUTCOMES (PSOs)

PSO1: Application of Mechanical Engineering concepts to solve Engineering problems using Modern tools and Techniques.

PSO2: Identify and recommend alternative Engineering methods and materials for sustainable development.

PROCESS INVOLVED IN DEFINING THE VISION, MISSION OF THE DEPARTMENT

PROCESS INVOLVED IN DEFINING THE VISION, MISSION OF THE DEPARTMENT OF MECHANICAL ENGINEERING

In establishing the vision and mission of the department, the following steps are followed:

Step 1: The department's vision and mission are derivative components of the institutes vision and mission.

Step 2: The DAB works with internal and external stakeholders to come up with the department's vision and mission

The internal stakeholders are

- Head of Department
- Faculty members
- Students

The external stakeholders are

- Alumni members
- Parents
- Industry members, Employers
- External academicians

Step 3. Discussions and brainstorming sessions will be held among the members to arrive at vision and mission statements.

Step 4: The accepted views are analyzed and reviewed to check their consistency with the vision and mission of the institute

Step 5: The DAB forwards the final version to the Governing council for final approval

Step 6: The Governing council will scrutiny and review the vision and mission statement and give their approval.

Step 7: The vision and mission statements of the department are published after final approval from the governing council.
